

Remarks

Further to the Amendment and Response filed on May 1, 2007 (that was responsive to the Office Action mailed on February 1, 2007), please consider and enter the following supplemental amendments and remarks. With this Supplemental Amendment, claims 1, 11, and 13 are amended. Claims 1-3, 6, and 11-15 are pending. Reconsideration and allowance are requested for at least the reasons set forth in the Amendment and Response filed on May 1, 2007 and the following reasons.

Claim Amendments

Claim 1 is amended to clarify that the processor is programmed to automatically build a menu based on the interface binding. Claim 11 is amended to clarify that the method includes automatically building the commanding interface based on the interface binding provided for the binding entry.

In addition, claim 13 has been amended to correct an informality by replacing the phrase "menu item" with "menu position."

As explained in the Amendment and Response filed on May 1, 2007, the prior art of record does not teach or suggest each and every element of claims 1 and 11, or the associated dependent claims. Reconsideration and allowance of the claims is therefore requested.

Conclusion

Favorable reconsideration in the form of a Notice of Allowance is requested. Please contact the undersigned attorney with any questions regarding this application.

Respectfully submitted,
